

Durable Panelling
in Tile Effect

 **dumalock**[®]
WALL AND CEILING PANELS

Simplicity is the Source of Pleasure

☑ Bathe in Luxury

You want to relax at home and enjoy your surroundings. Naturally, you consider your home interior and the atmosphere it creates to be important. Dumlack panels ensure a stylish and durable finish for walls and ceilings throughout your entire home. The water-resistant panels ensure a perfect finish in humid spaces such as a bathrooms, toilets, kitchens, garages, etc. The panels will neither delaminate, nor absorb water. And Dumlack can of course be used in any other room in the house.

☑ Comfortable Living

Show who you are and live your own style. You simply choose the panel that suits your taste and home interior. The beautifully finished panels are resistant to discolouration. Moreover, the grooves of the tile effect will not discolour or crumble as real grouting would.

And the ease is not only in the maintenance, but also in the fitting. Once in place, our panels are hard-wearing and durable.

One of a Kind

Dumalock is the first do-it-yourself tile. The patented joining system is completely unique, since the panels are connectable along all sides and the tile grooves have been concealed within the panel. These embossed tile grooves provide a very authentic feel.

Everything to your Advantage

Tiling with grouting is a thing of the past. By simply fitting the panels together, you create a realistic tiling effect thanks to the shallow grooves in the base material itself without messing around with grouting, adhesive, cutting machines, etc.

Dumalock's user-friendly panels are just 120 cm long and are extremely light, yet retaining their durability for wall covering. They are so easy and quick to fit; you can easily do the work on your own.

The Dumalock panel can be connected along four sides, even on the cross-cut side. Hereby you can bridge any length of a wall or ceiling.

Dumalock panels are made from water-resistant synthetics that are fully washable, which makes maintaining the panels incredibly easy. Just wipe them down with a damp cloth and your wall or ceiling will be just like new. Naturally, Dumalock keeps its original colour.

Dumalock is packed in a handy and sturdy Dumalock box. You can transport it easily in a car and the cardboard of the box acts as ideal protection during transportation.

CLEAN
No more dirty grouting work

EASY FIX
Easy to install

LOCK-IT
No extra connection trims

RESISTANT
Water-resistant and colourfast

EASY SIZE
Easy to transport

Finishing Trims

A large variation of trims offers you the chance to finish your walls and ceilings in a stylish way.

Installation

Building a tile wall has never been this easy thanks to our simple joining system. You can opt to install the tile effect parallel (4a) or in correlation (4b).

NaturalStone

Stone designs in a matte concrete (galet) or high gloss marbled effect (monaco)
